The SYLLABUS for
POST-GRADUATE Courses
in
Masters in Commerce (M.Com.)

Under Choice Based Credit System (CBCS)
(Semester Programme)

[w. e. f. 2018-19 sessions]

MASTERS IN COMMERCE (M. COM)

PROGRAMME OUTCOME

Studying M. Com. allows a learner to understand how business activities influence the society and the economy directly and indirectly in general and help him / her analyzing the behavior and strategies of different business organizations in particular. The subjects taught in the course involve more than just mastering the art of doing business. The course design will help students to pursue other avenues of studies in parallel professional courses in commerce discipline. After completing the course with some parallel professional course by its side, the students are expected to occupy important positions in business, industries and related organizations. Thus, the course design is expected to bring students abreast with the corporate culture and prepare them for their professional life. At the same time the course will also help grooming up an entrepreneur and thus to be helpful for self-employment.

COURSE STRUCTURE OF M.COM

SEMES-TER	COURSE NO.	COURSE TITLES	Full Marks	Credit	
I	COM 101	ORGANISATION THEORY AND ORGANISATION BEHAVIOUR		50	5

	TOTAL			250	25	
	ALL TOTAL			1000	98	

Total 1000 Marks (Core papers 900 marks and optional 100 marks; Core papers 18 papers 50marks each and optional 2 papers 50 marks each; Optional one paper in Semester-II and Semester-III each); 5 core papers in each semester I and IV and 4 core papers in Semester II and III

*This paper can be opted by the students of other discipline except the students of commerce department; Students of commerce discipline should take one paper of 50 marks from other discipline in this second semester.

** This paper can be opted by the students of other discipline except the students of commerce department; Students of commerce discipline should take one paper of 50 marks from other discipline in this third semester

SEMESTER-I

Course: - COM 101: Organization Theory and Organization Behaviour

Full Marks: 50 Credit: 5

Course Outcome: The students, the future managers of organisation, get to know how to manage the managerial activities within the organisation through people. The management theory states their significance in relation to any organisation. The human being is governed by their psychology. This course helps the students to understand the psychological framework and how to control it to influence human actions in organisation.

Course Contents:

COM 101.1: Organization Theory (25 Marks)

1. **Management and Business Ethics:** Introduction and importance
2. **Management Theories:** A discussion about the theories of management
3. **Planning:** Strategic Planning-Concept, Planning Premises, Role of Forecasting in Planning, Management by Objectives - Conceptual Framework, Process, Inflexibilities in Planning
4. **Implementing:** Authority - Types, Delegation Of Authority, Span Of Management, Leader vs Manager, Leading - Leadership Theories (Trait, Behavioural and Contingency theories)
5. **Decision-Making:** Meaning, Process, Types Of Decisions, Approach Towards Decision-Making – Economic Model And ‘Bounded Rationality’ Model.

COM 101.2: Organization Behaviour (25 Marks)

6. **Introduction to Organisational Behaviour:** Organisational Behaviour – Concept Significance; Organisational Behaviour Model
7. **Individual Level Variables:** Ability; Attitudes; Perception; Learning; Personality; Values
8. **Group Level Variable:** Definition, Types of Groups, Group Formation; Group Behaviours: Norms; Cohesion, Role; Group Decision Making: Techniques
9. **Organisational Level Variables:** Culture: Definition, Types, Functions, Creation of Culture, Learning Cultures; Organisational Conflict: Traditional and Modern Approaches to Conflict, Functional and Disfunctional Organisational Conflicts, Sources, Types of Conflict, Resolution of Conflict; Stress: Definition; Sources; Management of Stress

11. Banerjee, Mrityunjay: Organisation Behaviour, Allied Publishers Ltd., N.Delhi.

Note: In each Unit, there shall be set 2 questions carrying 2 marks, 2 short- answer type questions of 4 marks each with equal number of alternatives and 1 essay type question of 8 marks in each unit. **Internal Assessment** will carry 5 marks in each unit. For each unit of 25 marks 20 lecture hours are to be delivered.

Course: - COM 102: Business Statistics

Full Marks: 50 Credits: 5

Course Outcome: This course helps the students of M Com to learn how to apply the statistical ideas in business and commerce. The course helps them to make estimation and business forecasting, to understand the relationship among the important decision variables, and to measure the price level changes at different point of time in the economy.

Course Contents:

COM 102.1: Business Statistics-I (25 Marks)

1. **Theory of Probability:** Objective and Subjective Probability, Classical Approach, Relative Frequency Approach and Axiomatic Approach of Probability; Addition and Multiplication Probability Models; Conditional Probability and Bayes' Theorem; Independence of Events; Matching Problem.
2. **Correlation And Regression Analysis:** Simple, Partial and Multiple Correlations, Spearman's And Kendall's Rank Correlation; Simple Regression and OLS Estimation; Multiple Regression; Limitations of Correlation and Regression

COM 102.2: Business Statistics-II (25 Marks)

3. **Index Number:** Meaning and Types; Weighted Aggregative Indices – Laspeyre's, Paasche's, Edward-Marshall's and Fisher's Price and Quantity Indices; Test of Adequacy of Index Number; Special Problem-Base Shifting, Splicing; Uses and Problems of Index Number; Cost of Living Index.
4. **Time Series Analysis:** Need of Time Series Analysis, Components in Time Series Data, Measurement of Trend, Cyclical Fluctuation, Seasonal Variation and Irregular Movement, Business Forecasting.
5. **Association of Attributes (Taking two and three Attributes):** Classes and Class Frequencies; Consistency of Data; Independence and Association; Association and Casual Relationship
6. **Interpolation:** Definition of Interpolation, Extrapolation, Inverse Interpolation, Use of Delta and E Functions, Polynomial Function, Newtons Forward, Backward and Lagranges Formula.

Note: In each Unit, there shall be set 2 questions carrying 2 marks, 2 short- answer type questions of 4 marks each with equal number of alternatives and 1 essay type question of 8 marks in each unit. **Internal Assessment** will carry 5 marks in each unit. For each unit of 25 marks 20 lecture hours are to be delivered.

Course: - COM 103: Quantitative Techniques for Managerial Decisions

Full Marks: 50 Credits: 5

Course Outcome: Operation Research is an area of study that covers different scientific methods, techniques and tools to take a decision of solving a problem of business operation analytically and objectively. This course helps the students to understand the basics of operation research. It helps them to learn how to frame linear programming in various economic and business problems and solve problems. The course also helps the students to make network analysis, inventory management and to solve queuing problems.

Course Contents:

COM 103.1: Quantitative Techniques for Managerial Decisions -I (25 Marks)

1. **Introduction:** Operations Research (OR): What it is – Origin - Role of or in Decision Making - Application Areas of or in Management.
2. **Linear Programming:** Model Formulation; Solution Methods - Graphical Methods - Simplex Method - Big M Method – Two Phase Technique, Duality.
3. **Assignment Problems:** Concepts, Mathematical Formulation - Assignment Algorithm (Hungarian Method) - Balanced and Unbalanced – Minimisation and Maximisation; Travelling Salesman Problem as an Assignment Problem.
4. **Transportation Problems:** Concepts, Formulation: Balanced and Unbalanced - Minimization and Maximization; Solution Methods - MODI Method; Degeneracy.

COM 103.2: Quantitative Techniques for Managerial Decisions -II (25 Marks)

5. **Network Analysis:** PERT/CPM: Difference between PERT and CPM - Network Construction – Time Estimation – Slacks and Floats – Critical Path – Crashing and Relaxation - Time-Cost Trade-off.
6. **Queuing Theory:** Concept - Assumptions and Applications - Analysis of Queue System - Poisson Distributed Arrivals and Exponentially Distributed Service Time Models (MM1 and MMK).
7. **Inventory Management:** Inventory – Objectives of Holding Inventory – Inventory Costs - Inventory Control – Deterministic Models.

Note: In each Unit, there shall be set 2 questions carrying 2 marks, 2 short- answer type questions of 4 marks each with equal number of alternatives and 1 essay type question of 8 marks in each unit. **Internal Assessment** will carry 5 marks in each unit. For each unit of 25 marks 20 lecture hours are to be delivered.

Course: - COM 104: Financial Institutions and Markets

Full Marks: 50 Credit: 5

Course Outcome: The objective of the course is to provide the students with the theoretical and conceptual framework of financial system in the Indian economy. The course is designed to provide the students with an in-depth knowledge about the financial market and its classifications as well as about the roles of intermediaries and other various regulating bodies. This course will also help the students in understanding the banking, non-banking, micro-finance institutions and other finance institutions prevailing in the country and their role towards countries economic development.

Course Contents:

COM 104.1: Financial Institutions (25 Marks)

- 1. Financial System – An overview :** Various components of the Financial System; Role of Financial Institutions (FIs) in Financial System; Financial Systems and Development; Major issues in the Indian Financial System.
- 2. Banking Institutions in India:** Structure of banking institutions in India; Commercial Banks in India – Public Sector and Private Sector; Committees on Banking Sector Reforms and their main recommendations; Priority Sector Lending; E-Banking: Basic and Value-added Services; RRBs.
- 3. Other Financial Institutions:** Merchant banking institutions; Co-operative Banks and Credit Institutions; Development Financial Institutions; NBFCs: Types and Regulatory Authorities; RNBCs; Insurance Companies; Mutual Fund Institutions.
- 4. Micro Finance Institutions:** General features of Indian MFIs, Micro Finance Services, Scope of Micro Finance, Governance of risk management at MFIs, Types of Frauds in Micro finance, Micro Finance in India

COM 104.2: Financial Markets (25 Marks)

5. **Money Market -Instruments and Institutions:** Constituents of Indian Money Market; Instruments Traded in Money Market.
6. **Capital Market - Instruments and Institutions:** Securities and Securities Market; Role of Securities Market in a Country's Economy; Structural Framework of Indian Capital Market; Popular capital market instruments: Equity shares, Derivatives, Different types of Bonds, and Mutual Fund; Some special types of Capital Market Instruments: GDR, FCCBs, Warrants, Convertibles, etc.
7. **Primary Market – Intermediaries and Activities:**
 - (A) Primary Market Intermediaries – Lead Managers and Co-Managers; Underwriters; Bankers to an Issue; Brokers to the Issue; Registrars to an Issue and Share Transfer Agents.
 - (B) Primary Market Activities / Procedures – Pricing of Issues; Book Building; Green Shoe Option.
8. **Secondary Market (Stock Exchanges) And Security Trading:** Role of Stock Exchanges in Security Trading; Role of Brokers and Sub-Brokers in Security Trading; Computerized Security Trading; Stock Exchanges in India; Stock Market Indices; Listing of Securities in a Stock Exchange; Trading Under Rolling Settlement; Clearing and Settlement; Margin; Methods of Trading; ‘Bull’ and ‘Bear’ Operation.

For each unit of 25 marks 20 lecture hours are to be delivered.

Course: - COM 105: Financial Services

Full Marks: 50 Credit: 5

Course Outcome: This course is designed to help the students in understand and familiarizing with the various types of services prevailing in the financial system of the country and to understand the regulatory environment and mechanism in which they are undertaken. This course will enlighten the students with the conceptual framework of Leasing, Factoring, Credit Rating and Venture capital etc.

Course Contents

COM 105.1: Financial Services -I (25 Marks)

- 1. Introduction:** Financial Services – as a component of the financial system; classification.
- 2. Venture Capital:** Theoretical framework and features; Stages of Venture Capital Financing; Financial Analysis – Conventional Venture Capitalist Valuation Method, The First Chicago Method and Revenue Multiplier Method; Financial Instruments; Investment Nurturing / After-care – different styles, objectives and techniques; Valuation of Venture Capital Portfolio; Exit; Indian Venture Capital Scenario – institutions, legal framework and constraints.
- 3. Factoring and Forfeiting:** Mechanism; Functions of a factor; Types / forms of factoring; Legal aspects; Factoring vis-à-vis Bills discounting; Factoring in India; Forfeiting, Factoring vis-à-vis Forfeiting; Forfeiting – the Indian Scenario.
- 4. Credit Rating:** Importance; Credit Rating Agencies; Rating Methodology and process; Rating Symbols.

COM 105.1: Financial Services -II (25 Marks)

- 5. Leasing:** Leasing – an off-the balance sheet financing; Leasing vs. Hire purchase; Economics of leasing; Classification of leasing; Limitations of leasing; Tax aspects of leasing; Funding aspects of leasing; Accounting for lease transactions – in the lessor's and lessee's books; Accounting Standard for lease; Financial evaluation – lessor's viewpoint; Financial evaluation – lessee's viewpoint.
- 6. Merchant Banking:** Institutional Framework; Merchant Banking institutions relating to primary market issue management; Depository; Debenture Trustees; Portfolio Managers, etc. SEBI – its role on merchant banking institutions.

7. **Housing Finance:** Housing Finance System; Housing Finance Schemes; Funding of HFCs; National Housing Bank (NHB).
8. **Household or consumer finance:** Types; Mechanism; Sources; Modes; Demand for consumer finance – factors; Consumer finance practice in India; Pricing of consumer finance; Marketing of consumer finance.

For each unit of 25 marks 20 lecture hours are to be delivered.

SEMESTER-II

Course: - COM 201: Financial Management and Policy

Full Marks: 50 Credit: 5

Course Outcome: The basic functions of finance could be learned from this subject. The students would understand how the companies take decisions of financial management. The adequate theoretical knowledge of how to source finance and to apply efficiently could help them in taking decisions as finance manager.

Course Contents:

COM 201.1: Financial Management and Policy-I (25 Marks)

- 1. Time Value of Money:** Compound interest formula and its various applications, P.V. Table and Annuity Table.
- 2. Financial Goal:** Profit maximization Vs. Shareholders' wealth maximization; Conflict of Goals: Management vs. Owners.
- 3. Shareholder Value Creation:** Earnings – How Much Reliable as a Bottom Line? ROI Vs. DCF Return; Estimating Shareholder Value; Shareholder Value Added (SVA)
- 4. Leverage and Risk analysis:** Business and Financial Risk; EBIT-EPS Analysis.
- 5. Cost of Capital:** Meaning and Significance of Cost of Capital; Calculation of Cost of Debt, Preference Capital, Equity Capital and Retained Earnings; Cost of Equity and CAPM; Combined Cost of Capital (Weighted).

COM 201.2: Financial Management and Policy-II (25 Marks)

- 6. Management of Working Capital:** Introduction; Operating Cycle Concept; Estimation of Working Capital Requirement; Financing of Working Capital-Variou Approaches; Norms of Bank Finance.
- 7. Management of Various Components of Working Capital:**
Inventory, Receivables, Cash and Payables Management
- 8. Dividend Theories And Policies:** Dividend and Valuation: M-M Hypothesis; Gordon's Model; Linter's Model Etc. Forms of Dividends; Determining Factors of Corporate Dividend

Policy; Dividend Policy of Manufacturing Companies in India- Case Study of a Manufacturing Company.

For each unit of 25 marks 20 lecture hours are to be delivered.*

Course: - COM 202: Advanced Business Statistics

Full Marks: 50 Credit: 5

Course Outcome: This course helps the students of M Com to learn how to draw inference about the business decision problem of interest. The course also helps them to learn about the sampling survey and sampling methods and by using the sample result how to infer about the subject of study.

Course Contents

COM 202.1: Advanced Business Statistics -I (25 Marks)

1. **Probability Distributions:** Uniform, Binomial, Poisson, Normal and Exponential Distributions; Their Characteristics and Applications.

- 2. Sampling and Sampling Distribution:** Sampling and Sampling (Probability and Non-Probability) Methods; Sampling and Non-Sampling Errors; Law of Large Number and Central Limit Theorem; Sampling Distributions and their Characteristics.

COM 202.2: Advanced Business Statistics -II (25 Marks)

- 3. Statistical Estimation:** Point and Interval Estimation of Population Mean, Proportion and Variance.
- 4. Testing of Hypothesis:** Statistical Testing of Hypothesis and Errors; Sample Size; Large and Small Sampling Tests: Z- Tests, T-Tests, and F- Tests; ANOVA.
- 5. Non-Parametric Analysis:** Chi-Square Tests; Sign Tests; Wilcoxon Signed-Rank Tests; Wald-Wolfowitz Tests; Kruskal-Wallis Test.

Note: In each Unit, there shall be set 2 questions carrying 2 marks, 2 short- answer type questions of 4 marks each with equal number of alternatives and 1 essay type question of 8 marks in each unit. **Internal Assessment** will carry 5 marks in each unit. For each unit of 25 marks 20 lecture hours are to be delivered.

Course: - COM 203: Tax Laws and Planning

Full Marks: 50 Credit: 5

Course Outcome: The first unit of the paper is designed in order to give the students a clear idea about how to compute gross total income and taxable income and arrive at the tax liability. The paper also discusses the concept of MAT which is applicable to corporate for computing tax liability. The second unit of the paper discusses about the issues of tax evasion, avoidance and planning and how corporate can take advantage of taxation provisions. The unit also gives a detailed discussion about advance tax, interest, tax deduction at source and filing of returns.

Course Contents:

COM 203.1: Tax Laws (25 Marks)

1. **Introduction:** Residential Status of Companies, Deductions from Gross Total Income under Chapter VI A; Computation of Taxable Income and Tax Liability
2. **Taxation of Companies:** Types of Companies, Minimum Alternative Tax (MAT) and Treatment of MAT Credit.
3. **Carry forward and Set-off of Losses-** Theoretical Discussion and Problems.

COM 203.2: Tax Planning (25 Marks)

4. **Tax Planning and Managerial Decisions:** Concept of Tax Evasion, Tax Avoidance and Tax Planning; Tax planning with reference to setting up a New Business; Location; Nature of Business; Tax Holiday, etc. Tax Planning with regard to Specific Management Decisions such as Employees' Remuneration; Financial Management Decisions such as Borrowing or Investment Decisions; Reorganization or Restructuring of Capital
5. **Advance Payment, Interest and Tax deduction at source:** Concept and provisions; Interest under sections 234A, 234B and 234C; TDS in selected cases.
6. **Filing and assessment:** Provisions concerning Procedure for Filing Returns, Signatures, E-Filing, Assessment, Reassessment and Settlement of Cases

4. Ahuja, g. and Gupta, R.: Professional Approach to Direct Taxes Law and Practice, Bharat Law House Pvt. Ltd.
5. Sengupta, C.H.: Tax practice and procedure, Dey Concern, Kolkata

Note: In each Unit, there shall be set 2 questions carrying 2 marks, 2 short- answer type questions of 4 marks each with equal number of alternatives and 1 essay type question of 8 marks in each unit. **Internal Assessment** will carry 5 marks in each unit. For each unit of 25 marks 20 lecture hours are to be delivered.

Optional Paper (CBCS) (For other Discipline)

Course: - C-COM 204: Basic Statistics

Full Marks: 50 Credit: 5

Course Outcome: Association, causation, prediction, and measurement of chance factor and risk are indispensable in business and commerce. Students need to understand the basics of such concepts and use them as the important statistical tools applied in various business problems.

Course Contain:

C-COM 204.1: Basic Statistics-I (25 Marks)

1. Aims and Scope of Statistics, Classification of variables, Frequency distribution, Concept of Population and Sampling
2. Central Tendency, Measurement of Variation, Quartile and Percentile, Skewness and Kurtosis
3. Correlation and Regression

C-COM 204.2: Basic Statistics-II (25 Marks)

4. Probability and its distribution
5. Theory of Sampling
6. Testing of hypothesis

Note: In each Unit, there shall be set 2 questions carrying 2 marks, 2 short- answer type questions of 4 marks each with equal number of alternatives and 1 essay type question of 8 marks in each unit. **Internal Assessment** will carry 5 marks in each unit. For each unit of 25 marks 20 lecture hours are to be delivered.

Course: - COM 295: Computer Applications in Business (Practical)

Full Marks: 50

Course Outcome: This course helps the post graduate studying students to learn how the accounting and taxation system are maintained through Computer. Beside these different data storing and data retrieval are also learnt here.

Course Contents:

COM 295.1: Computer Applications in Business-I (25 Marks)

- 1. MS-Office:** Word Basic Commands, Formatting-Text and Documents, Sorting and Tables, Introduction to Mail Merge; Working with Excel-Formatting, Functions, Chart Features, Working with Graphics in Excel, Using Worksheets as Database in Accounting, Database Creation in MS-ACCESS, Table Creation, Linking of Tables, Slide Design in MS-Power Point.
- 2. Introduction of Database Package for Datasheet Analysis (Preferably FOXPRO):** Structure of DBF and its Application in Business: Creating, editing and deleting a Database File, Various Mathematical-Statistical-Logical-Date Functions use in DBF Programming, Programming in DBF.

COM 295.2: Computer Applications in Business-II (25 Marks)

3. Introduction to Accounting Package: TALLY

4. Online Banking and Taxation: Bank Account Opening and Operations, E-filing of Income-Tax.

*Note: In each Unit, there shall be 2 questions carrying 10 marks each, with suitable break-ups (or parts) having no alternative. **Viva voce** will carry 5 marks in each unit. For each unit of 25 marks 25 lecture hours are to be delivered.*

SEMESTER-II

Course: - COM 301: Security Analysis And Portfolio Management

Full Marks: 50 Credit: 5

Course Outcome: The paper is designed in order to give the students a clear idea about securities, their characteristics, portfolio and its construction. The initial discussion also brings a clear understanding about investment and speculation. The paper touches upon very important concepts which are useful for investors like different types of risks, concept of beta, fundamental and technical analysis. In addition, the paper covers a lot of mathematical areas to discuss the issues of portfolio return and risk, efficient frontier, security market line and others. There are topics which will help students to understand mutual funds, their types and ways to evaluate them. The concept of market efficiency is also elaborated along with different theories on pricing assets.

Course Contents

COM 301.1: Security Analysis (25 Marks)

- 1. 'Return' And 'Risk' In Securities Market:** Investment Vs. Speculation; Misconceptions About Speculation; Elements in Return; Measurement Of Return; Yield-To-Maturity; Measurement of Risk; Components of Systematic and Unsystematic Risk; Markowitz's Mean - Variance Rule; 'Beta'- Its Calculation and Interpretation.
- 2. Fundamental Analysis:** Objectives; Classification; Fundamental Analysis - Economy Analysis, Industry Analysis and Company-Level Analysis; Valuation of securities: Concept of valuation, Valuation of debentures and preference shares, Different models for equity valuation: constant dividend, constant growth rate and two-growth rate.
- 3. Technical Analysis:** Dow Theory, Classical Tools and Modern Tools; Fundamental Analysis vs. Technical Analysis.

COM 301.2: Portfolio Management (25 Marks)

- 4. Portfolio risk and return:** Modern portfolio theory- Formation of portfolio and concept of diversification; Calculation of portfolio return; Calculation of portfolio risk - a two-security or three-security portfolio, Efficient frontier and optimal portfolio selection; Capital Market line, Security Market Line.

5. **Managed portfolios and Mutual funds:** Meaning, Advantages, Classification of mutual funds, Performance evaluation of managed portfolios: Treynor ratio, Sharpe ratio and Jensen measure.
6. **Various Forms of Market Efficiency:** Concept of Market Efficiency: Information Efficiency and Allocation Efficiency; Weak, Semi-Strong and Strong Form of Market Efficiency; Random Walk Hypothesis.
7. **Theories of asset pricing:** Concept of Capital Asset Pricing Model, Arbitrage Pricing Theory and Multiple Factor models

Note: In each Unit, there shall be set 2 questions carrying 2 marks, 2 short- answer type questions of 4 marks each with equal number of alternatives and 1 essay type question of 8 marks in each unit. **Internal Assessment** will carry 5 marks in each unit. For each unit of 25 marks 20 lecture hours are to be delivered.

Course: - COM 302: Industrial Visit & Report Writing

Full Marks: 50 Credit: 5

Course Outcome: The subject contains two parts --- industrial visit and report writing. The subject Commerce is related to micro-level economy i.e. business undertakings and its management. The students in their syllabus study organisation, systems, theorem, etc. on different aspects of management. In this context, industrial visit provides the students the opportunity to have first-hand knowledge and experience about the operation and management of business undertakings. In other words, it may be stated that the subject would add life to the existing syllabus.

Course Contents

- 1. Industrial Visit:** The students will visit industrial undertakings and would learn hands on experience on commercial aspects of functioning under the supervision of faculty
- 2. Report Writing**
Basic Concept of Project Report, Preparation of project report based on industrial visit.
- 3. Presentation:** Presentation on any contemporary commercial aspect/issue of business

Note: Industrial Visit would carry 20 marks, Report Writing would carry 20 marks and Presentation would carry 10 marks.

Optional Paper (CBCS) (For other Discipline)

Course: - C-COM 304: Fundamentals of Finance

Full Marks: 50 Credit: 5

Course Outcome: The first unit of the paper is designed in order to give the students a clear idea about basics of finance. The idea is required to get a conceptual idea about compound interest, present value and growth rate that will help to assess various financial decisions correctly. The unit also highlights the different objectives of finance as a functional area and includes topics relating to different sources of raising funds, cost of capital and leverage. The second unit discusses about capital budgeting techniques and ways to assess feasibility of projects. It also covers the topics of working capital management and dividend decisions.

C-COM 304.1 : Fundamentals of Finance-I (25 Marks)

1. Mathematics in Finance: Concept of compound interest and present value; concept of growth rate and calculation; other issues
2. Finance function of a firm : Historical evolution in the concept of finance function; operational functions of finance; profit maximization vs. shareholders' wealth maximization objective of financial management; scope of finance as a discipline; organizational structure of finance function in a corporate organization
3. Sources of Finance: Short –term sources and long-term sources of finance; Cost of Capital; Leverage

C-COM 304.2 : Fundamentals of Finance-II (25 Marks)

4. Long term investment or Capital Budgeting decision: Accounting rate of return, Pay-back period; Net Present Value, Internal Rate of Return and Profitability Index
5. Working Capital management: Concept of Operating Cycle; Estimation of net working capital; Inventory management, Receivables management; cash management; Payables management
6. Dividend decision

7. Kishore, Ravi M.: Financial Management, Taxmann, Delhi.
8. Pandey, I. M.: Financial Management, Vikas Publishing House, N. Delhi.

Note: In each Unit, there shall be set 2 questions carrying 2 marks, 2 short- answer type questions of 4 marks each with equal number of alternatives and 1 essay type question of 8 marks in each unit. **Internal Assessment** will carry 5 marks in each unit. For each unit of 25 marks 20 lecture hours are to be delivered.

Specialisation (Accounting and Finance)

Course: - COM 303A: Advanced Management Accounting

Full Marks: 50 Credit: 5

Course Outcome: Financial Accounting generates information which is mostly historical in nature. But helping the business to perform better in future the data and information of Management Accounting is immense helpful. This course helps the students to learn how to make investment decision in a situation of certainty as well in a situation of risk and uncertainty. Students also learn to formulate the multi objective optimization in a situation of capital rationing. The fourth chapter helps the students to evaluate and control the performance of a

decentralized organization. The last chapter covers about the prediction of corporate health and taking fruitful measures to remove corporate illness.

Course Contents:

COM 303A.1: Advanced Management Accounting-I (25 Marks)

1. Fundamentals of Management Accounting

Introduction to Management Accounting; Evolution of Accounting; Functions, Tools and Techniques of Management Accounting; Inter-linkages and differences among Financial Accounting, Cost Accounting and Management Accounting; Designing of Management Accounting System in an organization; Limitations of Management Accounting.

2. Capital budgeting under certainty

Traditional and Modern methods of Capital budgeting and their appraisal; Comparison between NPV and IRR method; Capital Rationing, Formulation of Linear Programming, Interger-Programming and Goal Programming in Capital budgeting decisions.

3. Capital budgeting under Risk and Uncertainty

Difference between capital budgeting under certainty and under risk and uncertainty; Techniques of capital budgeting under risk and uncertainty, and their appraisal.

COM 303A.2: Advanced Management Accounting-II (25 Marks)

4. Responsibility Accounting

Meaning and objectives; Responsibility centers and Evaluation of centre financial performance; Divisional performance measurement; Issues of inter-divisional Transfer Pricing.

5. Corporate Financial Distress and Bankruptcy

Introduction; Reasons of financial distress and corporate bankruptcy; Corporate Sickness- Indian Scenario; Indian and foreign studies on corporate bankruptcy; Distress prediction models; Corporate governance in distressed firms; Distressed firm valuation; BIFR and its role for revival of sick units.

Note: In each Unit, there shall be set 2 questions carrying 2 marks, 2 short- answer type questions of 4 marks each with equal number of alternatives and 1 essay type question of 8 marks in each unit. **Internal Assessment** will carry 5 marks in each unit. For each unit of 25 marks 20 lecture hours are to be delivered.

Specialisation (Banking, Insurance and Capital Market)

Course: - COM 303B: Indian Banking System

Full Marks: 50 Credit: 5

Course Outcome: The contents of the course are so designed that will help students get a detailed understanding about the different regulations and basic concepts relating to banking. The syllabus also gives an understanding about the different ways of entering into relationships with banks apart from an overview of different negotiable instruments. It will help the students get knowledge about very important issues related to banking which include the different ways of supervision over banks by RBI, priority sector lending, financial inclusion and its importance. Furthermore, the unit covers topics related to the concept and significance of regional rural banks and cooperative banks.

Course Contents :

COM 303B.1: Indian Banking System-I (25 Marks)

1. Overview of Banking System and Regulatory Framework

Structure of banking system in India; Provisions of RBI Act 1935, Banking Regulation Act, 1949 and Prevention of Money Laundering Act, 2002; Government and RBI's Powers in Opening of New Banks and Branch Licensing; CRR and SLR Concepts; RBI's Monetary and Credit Policy.

2. Banker customer relationship

The legal relationship between the Banker and Customer; Types of Accounts such as Current Accounts, Savings Bank Account and Fixed Deposits; Other Transactions between Banker and Customer such as Safe Deposit Vaults, Financial Advice, Letters of Introduction and Other Services rendered by Banks; Special features of the relationship between banker and customer - Their mutual rights and duties - lien - Power to combine different accounts - Secrecy of account.

3. Negotiable instruments

Types and characteristics; Cheque and its distinction from Bill and Promissory note; Quasi-negotiable instruments; Relevant sections of Negotiable Instruments Act; Endorsement: different types; Crossing: types and effect.

COM 303B.2: Indian Banking System-II (25 Marks)

4. Regulation and supervision of Reserve Bank over Commercial banks

Licensing of banks; Opening of new banks; Branch Licensing; Foreign banks; Cash reserves and liquid assets; Definition of NPA; Income Recognition and Asset Classification Norms (IRAC Norms); Capital and reserves; Prudential norms and CRAR; Control over methods of operation.

5. Priority sector lending and financial inclusion

Priority sector advances and socio-economic policies; Financial inclusion: meaning, significance and status; Measures towards financial inclusion.

6. Regional Rural Banks and Co-operative banks

Introduction, Functions, Role in economic and social development, Difference with traditional Commercial Banking, Recent Issues.

5. Holden, J.M.: The Law and Practice of Banking, Universal Law Publishing.

Note: In each Unit, there shall be set 1 compulsory question carrying 10 marks, preferably consisting of 2 short-answer type questions of 5 marks each with equal number of alternatives and 1 essay type question of 10 marks with one alternative. **Internal Assessment** will carry 5 marks in each unit. For each unit of 25 marks 20 lecture hours are to be delivered.

Specialisation (Banking, Insurance and Capital Market)

Course: - COM 305B: Insurance: Principles And Practice

Full Marks: 50 Credit: 5

Course Outcome: This course will help the students get knowledge about basic concepts of insurance, the various types of policies and importance of insurance at the macro and micro level. The course will also help the students get knowledge about the development and growth of the insurance industry over time. It also focuses on the life and general insurance reforms in the country.

Course Contents:

COM 305B.1: Insurance: Principles And Practice -I (25 Marks)

1. **Introduction:** Concept, Functions, Characteristics, Its difference with gambling.
2. **Importance of insurance:** To individuals, organizations and society.
3. **Selection of insured:** Understanding risk of the insured, factors affecting risk, sources of risk information
4. **Types of insurance:** Life and Non-life, Classification of policies in life insurance: according to duration, premium payment, participation in profits, traditional and non-traditional.
5. **Insurance and tax planning:** Discussion with reference to taxation benefits

COM 305B.2: Insurance: Principles And Practice -II (25 Marks)

6. **Indian insurance industry:** Developments and growth
7. **Life Insurance Sector reforms in India:** Reasons and consequences.
8. **Reforms in General Insurance Sector in India:** Reasons and consequences

Note: In each Unit, there shall be set 2 questions carrying 2 marks, 2 short- answer type questions of 4 marks each with equal number of alternatives and 1 essay type question of 8 marks in each unit. **Internal Assessment** will carry 5 marks in each unit. For each unit of 25 marks 20 lecture hours are to be delivered.

Specialisation (Computerised Accounting and Taxation)

Course: - COM 303C: E-Commerce and Computerised Taxation

Full Marks: 50 Credit: 5

Course Outcome: This course is objected to have a basic theoretical knowledge of the students about e-commerce and its advantages compared to the traditional off line business and transctions. The course covers B to B, B to C e-commerce concepts and techniques. The students learn about ethics and legalities of e commerce transtions. The students also learn about different types of tax assessments filing tax returns, digital signature etc.

Course Contents:

COM 305C.1: E-Commerce (25 Marks)

1. **E-Commerce:** Introduction, Traditional commerce vs E-Commerce, Advantages and disadvantages, Different types of e-commerce
2. **Applications of E-Commerce in business**
3. **Categories of E-Commerce:** Customer-oriented, Business-oriented
4. **Driving forces behind E-Commerce**
5. **Network Infrastructure for E-Commerce:** Internet, Internet and Extranet
6. **Legal Requirements in E-Commerce:** Ethical and legal issues

COM 305C.2: Computerised Taxation (25 Marks)

1. **Introduction:** Concept of PAN, TAN, Different forms for filing returns, Types of return, AIN

2. **Income tax assessment:** Different types of assessment – Self-assessment, Best Judgement Assessment, Re-assessment, Filing of returns online: An introduction and concept of digital signature
3. **Scheme of furnishing electronic return**
4. **Types of deductor:** Government, Non-corporate and Corporate
5. **Payment of TDS/TCS:**CIN,BIN

For each unit of 25 marks 20 lecture hours are to be delivered.

Specialisation (Computerised Accounting and Taxation)

Course: - COM 395C: Computerised Accounting and Taxation

Full Marks: 50 Credit: 5

Course Outcome: This computer based practical course will help the students for their hands-on experience about handling the corporate accounts with the help of Tally, FACT, ACCORD; EX- NGN Accounting softwares. Similarly, the computerised taxation will help the students for online registration for PAN, TAN and other required registrations with the help of appropriate government portals. The students get internet based hands-on experience for submitting different forms of income taxes like F16, F16A etc.

Course contents:

COM 395C.1: Computerised Accounting (25 Marks)

1. Introduction to Accounting Packages (Any Two): FACT; ACCORD; EX- NGN.

COM 395C.2: Computerised Taxation (25 Marks)

2. Online PAN and TAN Registration-tdscpc.gov.in- e-tutorial for Registration

3. Download, Preparation and Validation: E-TDS:24Q-26Q-27Q-27EQ,24G.

4. Download & Preparation-Form-16, Form-16A & Others from tdscpc.gov.in & Conversion to PDF, E-Tutorial
