

*Office of the Registrar*  
**VIDYASAGAR UNIVERSITY**

Midnapore - 721 102.

Dated : 29.04.2022.

**NOTIFICATION**

In continuation to the Notification bearing Memo No. VU/R/8EC-31/Noti./C158/2020 dated 29.06.2020 issued by this office earlier, it is hereby notified for the general information again that as reported by the office of the University Engineer of Vidyasagar University, sufficient water in the underground is not available and the water level is falling down rapidly day by day. For this reason, the University is unable to provide sufficient water to its stakeholders specially, during summer. It has been observed that due to negligence in putting off the water tap, huge amount of water is being wasted which is leading to a water crisis. Besides this, it has been also observed that, the water taps used to serve the water in the University Gardens and also in the University Playground, remain open maximum time resulting in huge amount of water is being wasted. In this connection, **all stakeholders of this University are hereby requested to use the water judiciously otherwise, we will face great trouble in future.**

All stakeholders of this University are being informed accordingly and requested to save the water without wastage and use it judiciously. The Gardener who is looking after the University gardens are also requested to use the minimum water for the purpose of University gardens.
